👤 Objectives

Aspiring to work in a dynamic environment as a Software Engineer where I can use my analytical skills and creative thinking abilities to create robust solutions.

👜 Professional Experience

08/2020 – 08/2021

Shirpur

GOBIOSERVICES, Web Developer 📄

I worked for GoBioService as a Web Developer. I spent 1 Year with the organization. I worked on a WordPress website. I was building a front-end and back-end for a Website. I had to make a live website for GoBioService. I built a responsive structure. Configuring an E-Mail module and developing an Order Form for Websites.

08/2021 – 01/2022

Shirpur

ProTuple IT Venture, Software Developer - Intern 📄

I worked for ProTuple as an Intern. I spent 6 Months with the organization. I worked on the DotNet desktop project Vyapar Application. I was building a front-end and back-end for the DotNet project.

I had worked on several modules like Admin panel, Purchase module Design, and Backend logic. Set up a SQL table structure for the Application.

02/2022 – present

Ahmedabad

KrishCompuSoft IT Global, Associate Software Developer 📄

I am working at KCSIT Global. I spent 6 Months with the organization as an Intern. Now I am working as Associate Software Developer in DOTNET. I worked on multiple live projects.

- **GIPL Labor Commissioner Project**

It's a government project for a labor union to apply schemes. I worked on the Designing and Back-End module as well as created a stored procedure for the project.

- **Form Builder Project**

It's a government project for contractors to apply schemes. I am working on the Graph module, Resolving Issues in the project.

- **MagnitudeGold Project**

It's a product that helps small or big commercial businesses. To build their own website and maintain their customer data. I am continuing with this product.
